

## Awakening of Six

**Dealing with the Devil:** My Working is Life, I protect it, including its Darkness. The Prince of Darkness is grateful and indebted for that. Few are the ones who accept and embrace the Darkness with love and few are the ones who are qualified to go to Hell without getting lost.

**Heaven and Hell:** We create our own, from scratch or by copying others. Same with the idea of good and evil.

**The Timeline of Phenomenon:** On the timeline of a specific phenomenon, different qualities, directions and impact factors persist at different times.

Quality is defined by changeability.

Direction is defined by the continuous development towards something which is the direction itself.

Impact factor is defined by possibility of a change happening.

All these exist at the same time, but in order to understand and communicate it, the imaginary time is used as a framework.

See things, people, events and the Whole as Flows in order to interpret them more accurately.

This also brings the best Investments.

**Truth:** It can only be “The Truest”, but it stays incomplete as long as we are individuals.

**Tarot Tower:** Reinterpreted friends. Handling everyone based on their own possibilities.

**Devil as a partner:** On the Path, the Devil is challenging us, but We stay with our Selves.

**Sword:** A state when weapons are not tools of destruction anymore.

**Black Healer:** Making others usefully, Initiatorily suffer. Honest, provides the Truest experience.
